

SAWO Split logger

Weight:	550 kg
Length:	Total 2.565 mm
Height:	830 mm
Opening:	850 mm x 410
Recommended pressure:	200 - 250 bar

SAWO split logger just works smoothly and split while you chop, so the capacity stays the same on the chopper.

Do you wish a bigger split logger, we can also provide you with this (SAWO XL Split logger).
